TOWN WARRANT
TOWN OF BEDFORD
STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Bedford in the County of Hillsborough in said State of New Hampshire; qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday the fourteenth of March, at 7:00 o'clock in the forenoon to act on the following articles, number 1 to 16, which shall be by written ballot. Polls are to close no earlier than 6:00 P.M. Action on the remaining articles commencing with Article number 17 will be at the Town Meeting on March 21, 1978, and will be at McKelvie School at 7:30 P.M.

Article 1. To elect necessary Town officers and School District officers for the ensuing year and ensuing three years.

Article 2. To see if the Town will vote to revoke the existing ordinance to control garage and yard sales and adopt the following ordinance:

It shall be unlawful for any person or business entity to have more than two (2) garage and yard sales during the calendar year. Persons or business entities desiring to hold sales in excess of two (2) per annum must receive a license for each additional sale from the Board of Selectmen, and said Board may withhold and refuse to grant said license in its discretion. The fee for a person desiring to hold an additional garage or yard sale, should the license be issued by the Selectmen, will be Twenty-Five Dollars (\$25.00) and the fee for a business entity will be Fifty Dollars (\$50.00).

Garage and yard sale as used in this ordinance shall mean the selling of personal property from a residence. Each sale day shall be deemed one sale for the purposes of this ordinance. Under no circumstances is it permissible in the Town of Bedford to exhibit in the front yard or driveway of a residence a motorized vehicle of any kind with a "for sale" sign either affixed thereto or displayed with reference to said motorized vehicle. Violators of this ordinance are subject to a fine, upon conviction, of One Hundred Dollars (\$100.00) per offense.

Article 3. To see if the Town will vote to empower the Planning Board to review, and approve or disapprove site plans for the development of tracts for non-residential uses whether or not such development includes the subdivision or resubdivision of a site, as provided in R.S.A. 36:19-a.

Article 4. Are you in favor of amending Article 1-B-7—Building Permits—to read as follows:

“In addition to a building permit a certificate of occupancy shall be required for all uses and any change in use to insure compliance with the approved site plans by the Planning Board and the requirements of the Town zoning, Subdivision Regulations and Building Code.”

Article 5. “Shall the Town adopt the provisions of RSA 72:43-B and 43-C for Expanded Exemptions on Real Estate which provides for a resident 65 years of age up to 75, a \$5,000 exemption; a resident 75 years of age up to 80, a \$10,000 exemption; a resident 80 years of age or older, a \$20,000 exemption. Provided that the resident owns the real estate individually or jointly with another or his spouse with whom he has been living for at least 5 years as man and wife; said resident had a net income of less than \$7,000 or combined income with spouse of less than \$9,000; and owns assets of any kind, tangible or intangible, less bona fide encumbrances, not in excess of \$50,000.00.

If the provisions of this subdivision are adopted by a town or city that had not previously adopted this subdivision, the provisions of RSA 72:39 and 72:40 are no longer effective in that city or town.

If after adoption of this subdivision as amended, a town or city votes to rescind such adoption, RSA 72:39 and 72:40 shall take effect at the same time such rescission becomes effective.

Article 6. Shall the Town adopt the provisions of RSA 72:62 for tax exemption on real property with a solar energy heating or cooling system which shall be in an amount equal to the cost, to the property owner, of the materials and installation of solar energy heating or cooling systems? Any conventional heating equipment (electric, oil, gas, and/or coal) will be normally taxed.

Article 7. Are you in favor of adopting Section 8 of the Housing Assistance Act in accordance with RSA 204-A:9 as follows:

“Be it resolved by the Town of Bedford that the New Hampshire Housing Commission be and is authorized to operate in

the Town of Bedford, in the State of New Hampshire, that said New Hampshire Housing Commission is authorized to sponsor a project for elderly persons under Section 8 of the U. S. Housing Act of 1937, as amended, for any of the following accommodations or a combination thereof: (a) Existing Standard Housing (6) dwelling units; (b) Substantially Rehabilitated Housing (6) dwelling units; (c) Newly Constructed Housing (36) dwelling units, the total amount of the foregoing not to exceed (48) dwelling units."

Article 8. To see if the Town will vote to adopt a Leash Law as submitted by Petition:

We the undersigned residents, voters, and taxpayers of Bedford, New Hampshire, hereby request a Leash Law on all dogs. The dogs have become a public nuisance by dumping over garbage cans, digging up lawns and gardens, loitering on lawns, and are also being seen in packs.

There are over one thousand registered dogs at the present time in our town, and we think that it's time that a Leash Law is established and enforced. BY PETITION

Article 9. To see if the Town will vote to replace the existing 'Minimum Road Standards' in their entirety and substitute them with the following new revised standards:

MINIMUM ROAD STANDARDS **Town of Bedford, N. H.**

Article 1.

A. No person shall build any dwelling or other habitable structure on a lot of land which does not abut an accepted way. If a proposed new way (Town road) is planned, the applicant shall submit a lot layout plan prepared by a Registered Professional Engineer showing all boundaries; width and layout of all proposed ways; layout of any existing way bounding, approaching, or within four hundred (400) feet of a lot line; the finish grade of any proposed way; easement; public or common areas; a centerline profile showing drainage facilities such as culverts, catch basins and manholes; a typical cross-section showing crown, type of construction and material gradation; major site features; topography; name and address of record of the owner or owners; and the name and address of all abutters as they appear in the most recent tax lists.

B. In deciding whether or not a new way (Town road) shall be accepted by the Town, the Board of Selectmen shall be guided by the following standards and procedures:

Table of Geometric and Other Standards

1. Minimum R.O.W. width	50'
2. Minimum width of pavement	24'
3. Minimum road grade	1%
4. Maximum road grade	9%
5. Max. grade 75' from intersection	3%
6. Min. angle of intersections	60 degrees
7. Min. width of gravel shoulders	2'
8. Min. centerline radii on curves	200'
9. Min. tangent lengths	100'
10. Min. gravel base	16"
11. Min. crushed gravel base	4"
12. Min. bituminous paving	2½"
Base or binder course	1½"
Finish or wearing course	1"
13. Min. pavement radii at intersections	15'
14. Min. road crown	¼" per foot
15. Min. depth of drainage ditches	16" below c.l.
16. Min. shoulder slopes	1 on 4
or varied at the discretion of the Director of Public Works	

Fill, Gravel and Paving — Solid fill, laid in compressed layers no greater than 12" in depth, free from organic matter may be used within 22½" of finished grade. The next 16" must be compacted gravel of proper gradation to meet State of N. H. TRA specifications. The final 4" shall be crushed bank run gravel, fine graded to receive a uniform pavement surface. The pavement surface shall be 2½" compressed asphalt or bituminous concrete laid in two courses. Binder course shall be 1½" and wearing course 1" after compression.

Roads In Cut and Fill — Side slopes must be finished graded no steeper than 4 feet horizontal and 1 foot vertical (1 on 4). Slopes must be stabilized by loaming and seeding or through the use of "mulch and seed" in acceptable soil types or at the discretion of the Director of Public Works.

Adequate Drainage of Roads — All roads shall be provided with adequate drainage facilities to provide for the removal of storm water to prevent flooding and erosion of all areas within the R.O.W. Ditches on

both sides of roadway shall be a minimum of 16" below centerline of finished pavement and graded so as to prevent "ponding" of water. All culverts shall be sufficiently sized and have permanent masonry type headers at both ends. Catch basins shall be installed where required by Director of Public Works or Selectmen where required.

Clearing and Grubbing — All trees and stumps shall be removed from the R.O.W. to a minimum distance of 10' from any excavated or filled area. All debris, stumps and foreign material shall be removed from the roadbed area prior to the placing of fill or gravel. All construction debris and left-over materials shall be removed completely from the project site.

Dead-End or Cul-de-sac Roads — Dead-end ways should be avoided, but if this is not possible, they must be provided with a turnaround at the closed end. The turnaround or cul-de-sac must meet the following minimum dimensions:

Right-of-way radius	62.5' (Dia. 125')
Pavement radius	45.5' (Dia. 95')

Road and Street Names — Road and street names cannot be duplicated within the community. All extensions of existing roads and streets must bear the name of the original.

R.O.W. Monuments — A permanent monument shall be placed, and shown on the approved plans, at every corner or change of horizontal alignment on both sides of the road R.O.W. and public easements.

Construction Inspections — During the construction stage of any new way for Town acceptance, the owner or his agent must notify the Director, Public Works and Highway Department, at least 48 hours in advance before starting the following phases of construction.

- Inspection #1 — Prior to initial start of project
- Inspection #2 — After clearing, stumping and grubbing and prior to placing of any fill material or base gravel
- Inspection #3 — After placing approved base gravel and prior to placing finish course of crushed bank run gravel
- Inspection #4 — After fine grading of crushed bank run gravel and prior to applying bituminous asphalt pavement
- Inspection #5 — After project completion and prior to written request for Town acceptance

(Roads will not be accepted during the period November 1st through May 1st.)

C. A way shall include any public highway, street, road, alley whether or not it has been laid out, dedicated, or prescribed.

If the proposed way does not meet the Selectmen's approval, arrangements will be made to hold a public hearing on the proposed way. Notice of the hearing shall be published in a newspaper of general circulation in the Town and copies of this notice shall be sent, by registered mail to the applicant and owner, and to all abutters at their address of record. Both the publication and mailing of the notice shall be carried not less than twenty (20) days before the date of the hearing. A fee of forty (\$40.00) dollars will be paid upon submitting of the application to cover the cost of advertising and mailing. If the proposed way does not meet with the approval of the Selectmen, they shall notify the petitioner of their decision by mail. If the petitioner feels aggrieved he may appeal the ruling of the Selectmen to the Superior Court.

D. Effective date of this ordinance shall be March 15th, 1978, except for roads currently under construction.

Article 10. To see if the Town will vote to set the rate and amount of compensation for the office of Town Clerk-Tax Collector at (\$12,000.00) twelve thousand dollars per annum, said compensation to be in lieu of all statutory fees otherwise due.

ZONING ORDINANCE AMENDMENTS

To see if the Town will vote to approve the following amendments to the Bedford Zoning Ordinance as voted by the Bedford Planning Board on February 6, 1978.

Article 11. Are you in favor of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

1. Under Article IV of the Zoning Ordinance provide for two (2) residential districts; Residential (new) and General Residential (unchanged).

The Residential District (new) shall enjoy the following provisions:

Any use permitted in the General Residential District under the same provisions as apply to residences in that district with the following exceptions:

- a) Minimum lot size and Minimum frontage
 - (1) Served by both public water and public sewer — one half acre; 100 feet frontage

- (2) Served by either public water or public sewer — one acre; 120 feet frontage
 - (3) No public water or public sewer — one and one half acres; 150 feet frontage
- 2. Change the classification of the following areas to Residential District:

The northeast corner of Bedford bounded on the north by the Town line; on the west by Rundlett Hill Road, Old Bedford Road, and Route 114; on the south by Route 101, and the boundary of lot 8 on Map 12 of the Bedford Tax Map (the northerly edge of the Sullivan Property); and on the east by present Commercial and Limited Commercial districts along Route 3 and the Town line.

Article 12. Are you in favor of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

- 1. Under Article VI of the Zoning Ordinance provide for two (2) residential districts; Residential and Agricultural District, 1½ acre lots (unchanged), and Rural Residential District, 3 acre lots (new).

The Rural Residential District shall enjoy the following provisions:

Any use permitted in the Residential and Agricultural District under the same provisions as apply to uses under that district with the following exceptions:

- a) Minimum lot size shall be three (3) acres, and
 - b) Minimum lot frontage shall be 250 feet.
- 2. Change the classification of the following areas to Rural Residential districts:
 - a) The area bounded as follows:

Beginning at Route 114 and the Goffstown line, southerly along Route 114 to New Boston Road, westerly along New Boston Road to the power line east of Wallace Road, southerly along the power line to N. Amherst Road, westerly along N. Amherst Road to the Bedford/Amherst Town line, north and east along the Town line to the point of beginning.

b) The area bounded as follows:

Beginning at the intersection of the Merrimack/Bedford Town line and Liberty Hill Road, north along Liberty Hill Road to the proposed Highland Drive, westerly along the line between Lots 36, 37, Map 27, and Lots 19, 35-12, 35-16, 35-10, 34, 33, 31, 30, 35-13, Map 26 of the Bedford Tax Maps dated February 27, 1976, to Nashua Road, southerly along Nashua Road, to Wiggin Road, west along Wiggin Road to the power line, north along the power line to Route 101, west on Route 101 to the Amherst/Bedford Town line, then south and east along the Town line to the point of beginning. This area is exclusive of existing commercial areas along Route 101.

Article 13. Are you in favor of Amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Change the zoning classification of the following area from Residential and Agricultural to Commercial:

The land in the southeast corner of Town bounded by the Merrimack River on the east, the Town line on the south, the F. E. Everett Turnpike on the west, and on the north by a line parallel to and 750 feet north of the Town line.

Article 14. Are you in favor of Amendment No. 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Change the zoning classification of the following area from General Residential and Residential and Agricultural to Apartment Residential:

The area behind J. M. Fields and bounded on the south and east by Route 101 and the existing Commercial and Limited Commercial Districts, on the west by the projection of the Town line to Route 101 (a line parallel to and 435 feet east of the projection of Whittemore Street) and on the north by the north line of Lot #8 on Map 12 of the Bedford Tax Maps, exclusive of the approved nursing home lot. The area is approximately 45 acres.

PETITION ARTICLES

Article 15. Are you in favor of adoption of Amendment No. 5 as proposed by petition of voters for this Town, as follows:

Change the zoning classification of the following tract from Commercial to Civic and Institutional:

The land of St. Elizabeth Seton Church being lot 42 of Map 12 of the Bedford Tax Maps.

The Bedford Planning Board does NOT approve of this amendment.

Article 16. Are you in favor of adoption of Amendment No. 6 as proposed by petition of voters for this Town as follows:

Change the zoning classification of the following tract from Residential and Agricultural to Limited Commercial:

Approximately 5 acres on the northwest side of Route 101 and having 640 feet frontage on Route 101 and a depth of 250 feet on the east and 427 feet on the west. The tract includes Lots 61, 63, 66 and parts of 49 and 60 on Map 13 of the Bedford Tax Map. This area is between Meetinghouse Road and Liberty Hill Road.

The Bedford Planning Board DOES NOT approve of this amendment.

VOTING ON PRECEDING ARTICLES SHALL BE BY WRITTEN BALLOT. POLLS ARE TO OPEN AT 7:00 A.M. AND ARE NOT TO CLOSE EARLIER THAN 6:00 P.M.

ACTION ON THE REMAINING ARTICLES WILL BE AT THE McKELVIE SCHOOL ON MRCH 21, 1978 AT 7:30 P.M.

Article 17. To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as setoffs against budgeted appropriations for the following priority purposes and in amounts indicated or take any other action herein:

Appropriation	Amount
New Loader	\$25,000.00
Brush Chipper	9,000.00
Bridge Construction (Wallace Road)	<u>64,000.00</u>
	\$98,000.00

Article 18. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes if needed, and to raise and appropriate a sum of Ten Thousand Five Hundred Dollars (\$10,500.00) for the payment of interest on such borrowing.

Article 19. To see if the Town will vote to require the Selectmen to appoint a committee to study the potential long-range uses of the Town Hall, the Library building, the Town Office Building, and the so-called "green house" with the committee to present recommendations to the March, 1979, town meeting. The committee shall be composed of a member of the Board of Selectmen, a member of the Planning Board, a member of the Budget Committee, a member of the Historic District Commission, a member of the Library Board of Trustees, and a member-at-large from the community. The sum of \$1,000.00 shall be appropriated to defray any necessary costs of the study. (By Petition)

Article 20. To see if the Town will join the New Hampshire Municipal Association and appropriate the sum of One Thousand Three Hundred Seventy-five dollars (\$1,375.00) for membership fees therefor. (By Petition)

Article 21. To see if the Town and School District wishes to exclude from its Social Security plan services performed by election officials or election workers for each calendar quarter in which the remuneration paid for such services is less than \$50.00.

Article 22. To see if the Town will vote to raise and appropriate the sum of \$85,000.00 to design and construct an addition to the Bedford Public Library. Said sum shall be raised by issuance of Serial Notes of the Town, payable over a five (5) year period in accordance with the provisions of the Municipal Finance Act, Chapter 33 of the RSA of New Hampshire as amended.

Article 23. To see if the Town will vote to appropriate the sum of Seventy-five Thousand dollars (\$75,000.00) to construct a replacement of the existing bridge on Wallace Road between North Amherst Road and Route 101. \$64,000.00 to be paid through Revenue Sharing Funds and \$11,000.00 to be raised by taxes.

Article 24. To see if the Town will vote to appropriate the sum of Forty-two Thousand dollars (\$42,000.00) to construct improvements to Stowell Road. (By Petition)

Article 25. To see if the Town will vote to appropriate the sum of Ten Thousand dollars (\$10,000.00) for a complete review of the Town Master Plan.

Article 26. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year.

	\$1,405,510.88

Article 27. To see if the Town will vote to discontinue a section of the former Beal's Road currently existing between Beal's Road and Nashua Road and shown as Parcels A and C on a Consolidation Plan of Land, Town of Bedford, by Thomas F. Moran, Inc. dated May 19, 1977, and to authorize the Selectmen to convey the following pieces of property to the following individual and entity for consideration stated:

- (a) Convey Parcels A and B located at the corner of Nashua and Beal's Roads in Bedford, containing a total area of 28,880 square feet, all as shown on a plan entitled "Consolidation Plan of Land, Town of Bedford, dated May 19, 1977" by Thomas F. Moran, Inc. to Robert P. and Donna R. Riviesso as joint tenants, in return for \$800.00.
- (b) Parcel C near the corner of Nashua and Beal's Roads in Bedford, containing 3,957 square feet as shown on said Plan to R. W. Lanctot Construction Co. in return for a survey currently owned by said R. W. Lanctot Construction Co. of said parcels A, B, and C.

Article 28. To see if the Town will authorize the Selectmen to sell and convey a crescent parcel of land on New Boston Road for Fifty Dollars (\$50.00) and expenses to the abutter (Mrs. Barbara A. Upton). Said piece of land was conveyed to the Town of Bedford, N. H. by the State of N. H., November 30, 1962, when the New Boston Road was rebuilt and has no feasible use except to said abutter.

Article 29. To see if the Town will vote to close subject to gates and bars, Tirrell Hill Road for a distance of 50 feet, easterly from the Goffstown line in accordance with N. H. RSA 238:2 as amended.

Article 30. To see if the Town will vote to authorize the Selectmen to establish an address number system and appoint such officers as might be necessary to implement the system, and subsequent numbers to be issued with the Building Permit. (From floor)

Article 31. To see if the Town will vote to accept the sum of Two Hundred Dollars (\$200.00) from Mabel E. Wheeler for the perpetual care of Cemetery Lots No. 99 and 121 to be placed in trust, the income to be expended for the care and maintenance of the same in the Bedford Cemetery.

Given under our hands and seal, this 17th day of February in the year of our Lord, Nineteen Hundred and Seventy-eight.

ROBERT H. BROOKS, *Chairman*
AUBREY G. ROBINSON, JR.
ALFRED J. LAMBERT

Selectmen of Bedford, N. H.

A true Copy of Warrant—Attest:

ROBERT H. BROOKS, *Chairman*
AUBREY G. ROBINSON, JR.
ALFRED J. LAMBERT

Selectmen of Bedford, N. H.

BUDGET OF THE TOWN OF BEDFORD, N. H.

REPORT OF THE PUBLIC WORKS & HIGHWAY DEPARTMENT

This past year has been a progressive one and much has been accomplished in updating our department to better serve the needs of our community. A few of these achievements include the much-needed expansion of our highway garage building to more realistically house and repair our equipment; the extension and improvement in our two-way radio communication system; acquirement of some basic garage tools to make emergency and routine type equipment repairs; the replacement of a few of our older pieces of equipment, etc., all of which has contributed to a more efficient operation. Whereas, our total miles of roads to be maintained is relatively high compared to other N. H. communities, it appears that a progressive updating of our facilities at this time will result in considerable savings over a period of several years.

The following roads were treated under our "Resurfacing and Re-building" program this past summer:

Roads Resurfaced with Oil and Sand

No. Amherst Road	1.3 Miles	Moore's Crossing Road	.4 Miles
County Road	.6 Miles	Meadowcrest Road	.5 Miles
Random Road	.4 Miles	Old Lantern Road	.8 Miles
Strawberry Hill Road	.5 Miles	Caron Road	.4 Miles

Roads Resurfaced with Plant Mix Asphalt

Kennedy Drive	.4 Miles	(Shimmed and Resurfaced)
Hamilton Way	.2 Miles	(Shimmed and Resurfaced)
Liberty Hill Road	.5 Miles	(Shimmed and Resurfaced)
Meetinghouse Road	.4 Miles	(Shimmed and Resurfaced)
Jefferson Road	.2 Miles	(Shimmed and Resurfaced)
Roosevelt Drive	.2 Miles	(Shimmed and Resurfaced)
Ministerial Branch Rd.	.2 Miles	(Shimmed and Resurfaced)
Appledor Road	.2 Miles	(Shimmed and Resurfaced)
Back River Road	.1 Miles	(Changed Super-elevation)

TRA Road Rebuilding Project

Wallace Road .5 Miles (Rebuilt and Resurfaced)

Construction of improved storm water drainage facilities continues to monopolize much of our summer work load. Many problem areas have been corrected, and work will continue on these improvements to the full extent that time and funds will permit.

I wish to strongly recommend Town approval of the revised "Minimum Road Standards" for new subdivision roads contained in this year's Warrant Articles. The stricter and more encompassing revised standards will give us the control needed to insure that new road additions are in the best interest of our community.

We have been attentive to all possibilities of Federal and State financial aid that may be available to us. We are pleased that our regular State subsidy has increased and a second new subsidy has been added this year. We are fully utilizing our State TRA funds to upgrade sections of our highway system. We have initiated action for State construction of drainage facilities along Boynton Street from Davies Street to Wayside Drive. This will permit us to drain several streets in "The Pines" area to this facility. Work will be funded under the Federal Transportation Improvement Program (TIP) as part of the Manchester Urbanized District. Under a federal experimental program, we have received this past summer approximately 10 miles of road striping at no cost to our community. Additionally, we have carried out several joint (State-Town) projects of mutual concern.

Armand A. Dugas,
Director

REPORT OF THE SEWER COMMISSION

This year the primary job of the sewer commission has been negotiation of an Intermunicipal Agreement with the City of Manchester for the treatment of the Town's sewage. A series of meetings with the representatives of the City of Manchester have been held to discuss various control and cost aspects of the Agreement. As a result of these meetings and engineering reports prepared by Anderson-Nichols Company, the Town's consultants, the Town has made a formal proposal, all capital costs of the Bedford Phase I Sewer System and Bedford's share of the Manchester Sewage Treatment Plant would be incorporated in a bond issue and paid by the property tax. All annual operating and maintenance costs, however, would be paid by the actual users of the sewer system on the basis of actual sewage discharge for collection and treatment.

The City of Manchester has not as of February, 1978, responded to the Town's proposal, but assuming that an Intermunicipal Agreement can be finalized by the Fall of 1978, the following completion schedule will apply to the Phase I Sewer Project.

- a. Complete negotiations on the Intermunicipal Agreement for sewage treatment by Manchester - December, 1978.
- b. Submit bond issue for construction of Phase I sewers and Bedford's share of the capital cost of the Manchester Sewage Treatment Plant to the voter - March, 1978.
- c. Acquire necessary easements and land to construct the Phase I sewers, apply for Federal and State grants-in-aid, select engineer for construction phase, place project out for bid, and select a contractor - June, 1979.
- d. Start construction - July, 1979.
- e. Complete construction - June, 1981.

The design, drawings, and specifications for the Bedford Phase I Sewer System and river crossing have been completed as of this date. As a result, the Town has requested this year, final payment of the Federal and State share of the eligible costs of the design of the Phase I Sewer System. Final payment is anticipated by the second quarter of 1978.

Respectfully submitted,

PRESTON D. YERRINGTON, JR.
ALEX PATRYN
PAUL M. GOLDBERG

LANDFILL AREA

The Landfill area located on 100 Acres off Wallace Road has now been operating for 6 years and maintained by Mr. James Simon. The hours for the Landfill are Monday, Tuesday, and Wednesday from 8:00 A.M. to 12:30 P.M. and 1:00 P.M. to 5:00 P.M.. On Thursday, Friday and Saturday from 8:30 A.M. to 12:30 P.M. and 1:00 P.M. to 5:00 P.M. There is a 4:00 P.M. deadline for all Commercial dumping.

Residents using the area are to obtain a Landfill permit available at the Selectmen's Office before April 1 and should follow the posted signs indicating the separation of material such as large metals, wood, and trash.

Persons leaving trash outside the gates will be prosecuted and subject to fine.

BYRON PECK,
Treasurer

AUDITOR'S REPORT

We have examined the balance sheet of the Town of Bedford, New Hampshire as of December 31, 1977 and the related statements of revenues and fund equities for the year then ended. Our examination was conducted in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and other auditing procedures as we considered necessary under the circumstances. Our audit included examination of the accounting records of the Selectmen, Town Treasurer, Town Clerk, Tax Collector, Treasurer of the Public Library, and Trustees of the Trust Funds.

The Schedule of Town Property and the related Schedule of Note Payments on Notes Payable are presented separately instead of as an integral part of the balance sheet.

In our opinion except as noted in the preceeding paragraph, the balance sheet and related statements of revenues and expenses and fund equities fairly present the financial position of the various funds of the Town of Bedford, New Hampshire on December 31, 1977 and the results of operations for the year then ended in conformity with accounting practices used by municipalities applied on a basis consistent with that of preceeding years.

Robert M. Wheeler
Town Auditor

D. Richard Spurway
Town Auditor

February 15, 1978

**REPORT OF THE TRUSTEES OF THE
BEDFORD PUBLIC LIBRARY
For the Year 1977**

With the spectacular population growth in Bedford in recent years, perhaps the most impressive feature to write of in this report is the constant rise in use of your Public Library, by adults, young people, and children of all ages.

Working under the difficulties of limited library space in this growing community, the staff have indeed done a remarkable job in every direction. The Library continues to be open for full service forty-five hours per week. Included in the staff are Librarian Frances Wiggin, Assistant Librarian Doris Peck, and part-time Library Assistants Elisabeth Thacher and Barbara Potter.

The Trustees and Librarian give high praise to the groups of Volunteer Adult Assistants, which for 1977 included Betty Clock, Lorraine Danais, Lorraine Jenson, Nancy Larrabee, Terry Trott, Ellen Wenzel and Jane Woods. Nancy Larrabee has recently moved from Bedford, and has been greatly missed. Our Pages include Christine Lessard, who works on a regular schedule, and is paid for her services. The Volunteer Pages include Debbie Quirk, Robin Johnson, Cindy Eaton, Christine Boisvert, and Elaine Blanchette.

A valuable addition to the staff has been worked out through the CETA Program (Comprehensive Educational Training Act.) Through this program our library was able to secure the services, for one year, of Mrs. Pauline Raiche of Merrimack. Mrs. Raiche has been a kindergarten teacher. She spends twenty hours each week in Bedford at the library.

Along with other duties which she performs during that time, she has conducted three story hours weekly since August. Sixty-five pre-school children have attended, enjoyed, and benefited by these Story Hours. This program was arranged for a year's time.

Among the extra services of your Public Library is the YES Program. These letters stand for Youth Employment Service. It is a

service which aids Bedford residents in contacting young people for baby sitting, lawn care, house-cleaning, etc. Mrs. Marilyn Otterson maintains the file of youngsters available. She can be contacted at any time on the telephone at her home in Bedford.

A popular item in the Library is the collection of framed prints, available on loan for a month to any library patron. There are handsome prints of all types, appropriate for home or office.

Business people in Bedford have found the reference materials in the business field helpful. Your library has Wall Street Journal, Business Week, Forbes, New Englander, and Fortune available for loan. It also has a good selection of Management cassettes, which may be borrowed.

Professionally, the Library Staff continue to give much extra time to meetings and conferences. Mrs. Wiggin and Mrs. Peck, plus the Library Trustees, attended the Library Council Meeting in May, held in North Conway. In September, Mrs. Wiggin was present at the New England Meeting held at Sturbridge, Massachusetts. Mrs. Wiggin and Trustee Esther Ayer attended the annual meeting of the New Hampshire Library Trustees at the New Hampshire Hotel in Concord, held in the late Fall.

Mrs. Wiggin is New Hampshire representative to the New England Library Council. Both Mrs. Wiggin and Mrs. Peck serve as Board members for the New Hampshire Library Council.

Last March Mrs. Wiggin was invited to teach for a day at a Seminar held at the Merrimack Valley College, which is a part of the University of New Hampshire System. This Seminar was a part of the Continuing Education Series, planned for library personnel. The series was designed by Sue Stahl of Bedford, who, as a member of the New Hampshire Council on Teacher Education, evaluated the Library Science Program of the Merrimack Valley College. It is indeed a compliment to Mrs. Wiggin's abilities that she was asked to take this assignment. She found it a stimulating and helpful experience.

Chairman of the Board of Library Trustees, Reverend James Scotland, recently has been asked to accept the nomination as Chairman of the State Board of Library Trustees. This nomination goes into effect at the May, 1978, Library Council Meeting, at which time Reverend Scotland has agreed to take this important office.

If you are a Library patron, it must be obvious to any of you that our great lack, our great need, is space. It was disappointing a year ago not to receive a Federal Grant which we had hoped would be forthcoming. Your Trustees now feel that it is necessary to think in more Spartan terms. Considering the most economical but efficient possibilities, we have been discussing a simple design, measuring about 40 x 60, planned to extend the ground floor and basement. Here we would hope to house the entire adult collection. We have discussed this extensively at Trustees' Meetings. The entire Board of Trustees, and the Librarian, discussed this thoroughly with the Town Budget Committee. At this point we are seeking help and guidance for an article requesting funds, to be placed in the forthcoming Town Warrant. We invite any library patrons to come in and discuss this, with any member or members of the Board of Library Trustees, and/or the Librarian. We strongly feel that funding this project is of extreme importance in our growing community. At the present time, because of this lack of space, books are placed on the floor in every room. They are stored temporarily in Mrs. Wiggin's overcrowded office. The really valuable collection of New Hampshire books is in a small room at the top of the stairs to the second floor. They are in a dangerous location in case of fire. The patrons who ask to see a particular New Hampshire book, and are invited upstairs, are facing the dangerous possibility of falling down on the narrow and inadequate staircase!

Come in and see for yourselves how badly we need more space. Then vote us some money, to be spent carefully, frugally, and wisely, on this vital project.

REPORT OF THE BEDFORD POLICE DEPARTMENT

As you check over the police budget and activities, you will notice an increase in activities and requests for money. In 1974 we were approved the twelfth full time officer to the force; during that same year, the department of twelve officers handled 1,415 complaints needing investigation. In 1975 we investigated 2,420, 1976 investigated 2,769 and in 1977, 3,433 were investigated, making a total of 2,018 additional complaints since the year of 1974.

This year I'm requesting two additional officers in order to provide better service to this community. With the increase in complaints there is less time for the officer to patrol, and with lack of patrol comes an increase in crime.

The only way we can control the crime rate is for us to be seen and also for us to see what is going on.

I also wish to take this time to thank you for your help and support over the past years, and hope that the cooperation between the town and the Police Department will continue. We can only do our work effectively with your assistance.

Activities for the year follow:

	1974	1975	1976	1977
No. of complaints investigated	1415	2420	2769	3433

Respectfully submitted,

RICHARD D. AUDETTE
Chief of Police

FIRE DEPARTMENT REPORT

The Bedford Fire Department has responded to 367 calls during 1977. They included the following:

Building and House	14	Mutual Aid	7
Grass, Brush and Wood	25	Service Calls	62
Automobile	12	False Alarms	3
Chimney	8	Needless Alarms	11
Rescue	225		

This year the Town added a full-time Chief and one permanent daytime firefighter, making a total of three permanent daytime men. This gives us two men at the station for coverage seven days a week, ten hours a day.

The Department had another very good year, although we answered fifty more calls in 1977, we were able to keep the fire losses to an all-time low. We have continued our training program again this year with regularly scheduled bi-weekly Tuesday evening sessions in all areas of fire fighting and rescue work under the direction of our Training Officer, Captain Leo Bongers, Jr. Many men augmented this training by attending the annual Fire School at Lilly Pond in Gilford and Meadowood in Fitzwilliam. Part of our training this year consisted of burning four old buildings within our town. Several of our firemen, along with some of the police persons, were able to take a C.P.R. course under the direction of our Training Officer.

The Chief has been busy with a fire prevention program by inspecting all our business buildings, restaurant and public buildings. Also, inspection of all new oil burners. Any person installing a new oil burner or replacing a burner must first get a temporary permit authorizing them to install this equipment. After this equipment has been installed, the Fire Chief will inspect the equipment. If it has been installed in compliance with R.S.A. 153:5 and N.F.P.A. standard #31, you will then receive a permanent permit.

We are having many wood-burning stoves installed within the town. If anyone installing a stove in their home would like the Fire Depart-

ment to assist, please call us any time during daytime hours at the station.

This year we celebrated Fire Prevention Week in October with open house at the station, also with a demonstration of home fire extinguishers and a ladder drill put on by the firemen. Programs on home fire safety were presented at the elementary schools and kindergartens, with many children also visiting the fire station. This was done under the direction of Captain Leo Bongers, Lt. Leroy Burbank and Firefighter Randy Burbank.

The Norman Richard Memorial Scholarship Fund established by the Fire Department awarded two scholarships to the following Bedford students: Margaret Lavoie and David Gagnon.

The Fire Department wishes to express their sympathy to the Barnard family for the loss of Captain Frank Barnard this year. Captain Barnard was also treasurer for the department and had been a member for forty-six years.

As Chief, it is again my privilege to thank all the members of the Department and the community for their continued support and cooperation. Also, special appreciation to the people who have personally supported us. We wish all town people would visit the station.

Fire Department Emergency—472-3311
Fire Department Business—472-3219

Respectfully submitted,

Ralph M. Wiggin, Jr., *Chief*

REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Forest fire control in New Hampshire is a joint state and town/city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of 1/4 of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between towns/cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

1977 Forest Fire Statistics

GILBERT TESTA
District Fire Chief

RALPH WIGGIN, JR.
Forest Fire Warden

REPORT ON CIVIL DEFENSE

An active Civil Defense system for the Town of Bedford is the goal for 1978. In order to do this, we need people to help us in the organization. As Civil Defense Director, I am making an appeal for this assistance from both laymen and professionals in the following categories:

Communications
Engineering Services
Fire Service
Health and Medical
Police Services
Radiological Defense

Rescue Service
Supply Service
Transportation
Warning Service
Welfare Service

This appeal is on behalf of the Town of Bedford and the citizens who live here because if disaster strikes, you will be the ones needing help and if we are not ready, you, the people of Bedford, will suffer.

One person cannot operate the Civil Defense department.

Respectfully,

ROBERT J. BULLOCK
Director, Civil Defense

REPORT OF THE BEDFORD PLANNING BOARD

The Planning Board's activities and responsibilities increased sharply in 1977, in comparison to recent years. This increase resulted from the submission of numerous residential sub-divisions to the Board for review and approval, as well as the submission of many commercial sub-divisions and site plans. Residential sub-divisions reviewed by the Board included many consisting of five lots or less, but a significant number of them involved 20, 30 or more lots. Similarly, commercial development proposals reviewed by the Board varied significantly in size and scope. Many were changes in use of existing structures, but many others were entirely new development proposals substantial in nature. Examples include change in use of the "seasonal shop" at Jordan Marsh to a restaurant, a new shopping area on Route 101 to be called the Bedford Village Shops, and several major office park proposals in the Route 3 area which are still pending before the Board.

In addition to the Planning Board's "day-to-day" responsibilities (reviewing sub-divisions and site plans), in 1977 the Board became involved in several other significant activities. These included participation on the Steering Committee, a group which consists of representatives from the various Town Boards and Commissions, and whose function is to provide a communications channel to facilitate coordination of Town activities. The Planning Board was instrumental in having this Committee formed, and believes it should be strengthened in future years. Also along the lines of improving interagency relationships, the Planning Board worked during 1977, and will continue to work in 1978, with the Zoning Board of Adjustment to improve communication and coordination between the two bodies.

The Planning Board also made a conscious effort during the year to improve its consideration of Police, Fire and Highway Department requirements in reviewing sub-division plans, and cooperated with and recognized the purview of the Conservation Commission and the Historical District Commission whenever appropriate.

One of the most important developments of the year, aside from the large number of residential sub-divisions presented, has been the

proposals for more than 300,000 square feet of new office building development, generally in the areas around the intersection of Route 101 and 3, near Jordan Marsh and the Bedford Mall.

The impact of this proposed office development, and continuing commercial development, coupled with the traffic generation of such other influences as Jordan Marsh, Bedford Mall and other potential development along Route 3 to and into Merrimack has raised the potential traffic impact on Route 93 and F. E. Everett interchange and the 101-114 connector to the point where it now must be considered one of the most, if not the most, critical concerns facing Bedford.

The Planning Board has again this year proposed changes to the Town's Zoning Ordinance. The proposed changes would provide an area for apartments, and an area of the Town in which, when provided with sewer and water service, smaller lot development would be permitted. In the absence of public sewer and public water service, lot size will remain at one and one half acres as before. The Board feels that, in view of the developmental pressure now being applied to the Town, we must provide for apartments and less expensive housing so as to provide a broad spectrum of response to the societal demands now being imposed by State and Federal Courts. We feel the zoning changes proposed by the Board provide a reasonable response to these demands and yet provide the Town with reasonable control over the density of growth.

The other major Zoning Ordinance proposal is to change a substantial portion of the Town's remaining land to a three acre minimum lot size requirement, to reduce or eliminate an unreasonable future demand for schools and other services, especially public sewer and water.

The year of 1978 must be considered as one of the most important which has ever faced Bedford in that we must now make a series of decisions which will impact the quality of life in Bedford, irreversibly and far into the future. With a population now approximating 7,500 people, with a potential growth of 10% in the next year, and with a large inventory of subdivided lots now available for building, the Planning Board must consider, in conjunction with other Town bodies,

the deliberate control and restraint of the rate of growth in residential, commercial, office and industrial development. Consideration of the need for such control has been set forth as a primary goal of the Board for 1978. The Board feels an increasingly intense level of communication is necessary between all of the Town's essential governmental bodies, and that it must be established immediately if the potential impacts of the rapidly increasing growth of the Town are to be ascertained and evaluated fully.

The Board has requested a substantial increase in it's budget for 1978 to provide a higher level of service, which is now considered mandatory if the Town is to be properly managed during this period of intense growth. The increased budget will be used primarily for the purpose of engaging the services of professionals, particularly planners and/or engineers, to assist the Board in the review of larger development proposals, or proposals which are felt to have potential adverse impacts regardless of their size. To offset this increased budget, the Board hopes to impose new fees for the review of sub-divisions and site plans, and has been working toward this goal with Town Counsel.

JOHN TANNER, *Chairman*

VISITING NURSE ASSOCIATION REPORT OF SERVICE

Nursing

Skilled Nursing is available in the home by Registered Nurses and Licensed Practical Nurses which includes dressings, injections, special treatments, bath and rehabilitative nursing under the direction of the patient's physician. Homemaker-Home Health Aides assist under the direction of the nurses and therapists.

Therapy

Registered physical, occupational and speech therapists are available for therapy at home. Social worker and nutritionist consultants are also available.

Pre and Post Natal Advice

The nurse is prepared to give advice and guidance to expectant mothers as well as instructions after the baby is born.

A special program for adolescent pregnant mothers has been added this year. Classes are held for instruction each Monday at 4 P.M.

Immunizations clinics are held periodically during the year and nurses are available daily between 1:30 -3 P.M. at the Visiting Nurse Association office and at monthly drop in centers to take blood pressure readings.

Policy

This agency is voluntary and non profit and is certified to care for Medicare patients. Although many of the services are paid for through Medicaid, Medicare, and other health insurances, there is a fee which is discussed on the initial visit. Adjustments can be made. There is no charge for maternal and child health visits made by the nurses. Anyone may request the service by calling the Visiting Nurse Office at 622-3781, Monday thru Friday from 7:30 A.M. to 5 P.M. Necessary services are provided on weekends and holidays. There is 24 hour answering service available for messages.

Visiting Nurse Association services are available to Bedford residents at no cost to the town. Mrs. Edwin Richmond and Mrs. Parker Wheat represent Bedford on the Board of Directors of the Association. Mrs. Grace Gage, R. N. and Mrs. Dorothy Roy, R. N. are the nurses in the Bedford area.

REPORT OF PARKS AND RECREATION COMMISSION

1977 saw the completion of the planned projects at the Bedford Memorial Park.

During our first full season of use, the resident family memberships at the pool totalled 224 and the non-resident memberships totalled 19. The swimming classes were filled to capacity for the entire season. Permanent class records were kept to facilitate the placing of children in the 1978 program.

Many requests for a swim team in 1978 prompted discussion of this matter by the Parks and Recreation Commission and it was the consensus of opinion that the facility will be made available to any group in town who wishes to sponsor a town swim team such as the Little League does for baseball.

The tennis facilities were used by the McKelvie School Physical Education Program as well as for private lessons at a nominal fee. Springtime saw a large waiting list for these private lessons. The future of this type of program will be dictated by popular demand from townspeople.

The commission is not happy with the amount of skating time it has been able to make available on the skating facility. We are still searching for a way to keep the ice clear for the entire season.

The play equipment, which was installed during the summer, will be more fully utilized with additional work on the drainage in this area.

The major league ballfield, completed this past spring, was fully scheduled with home games for the Babe Ruth and Senior Babe Ruth Leagues, the American Legion team and the McKelvie School Team. We are looking for a way to provide additional softball fields for the use of the Girls Softball League who are forced to share the use of the Little League Fields. Since the proposed outdoor sports facility at the McKelvie School did not come to fruition, this becomes a more immediate problem.

With our "learning year" well behind us, hopefully, the Parks and Recreation Commission will provide a well-run swimming program and maintain the tennis, baseball, softball and playground facilities to the satisfaction of all parties concerned.

RUTH M. BEE, *Chairperson*
Parks and Recreation Commission
January 28, 1978

REPORT OF BEDFORD CONSERVATION COMMISSION

For the Bedford Conservation Commission, 1977 was a busy year. Dredge and fill applications were numerous in comparison to previous years. Many of these applications were for filling operations to maintain the New Hampshire Water Supply and Pollution Control Commission's 75 ft. distance between a leaching field and seasonal water levels. The remaining applications were for brook relocations, culvert installations, pond construction, and preparation for parking lot construction.

A land donation was received from Daniel Dorgan in the McQuade Brook Farms subdivision on Beals Road. This parcel is a wetland located along McQuade Brook and adjacent to the B. & M. Railroad right-of-way west of Jenkins Road. The Conservation Commission is presently discussing the acquisition of other properties for natural recreational uses.

The Town Office Building was packed with over one hundred landowners on November 1st to hear Cleve Kapala. As director of the Conservation Trust Program for the Society for the Protection of New Hampshire Forests, Cleve discussed the three methods of open space protection. The period for filing for current use assessment was extended by the Selectmen. Normally, applications must be filed annually before April 15th with the Selectmen.

In April, the Conservation Commission was fortunate to have Dr. and Mrs. John Kennard conduct a slide presentation of their recent trip to the Himalayas. Travelling through Bhutan and Nepal, they obtained many interesting slides of the wildlife and scenery. The donations received were used to defray the cost of materials used in the water testing program.

Soils mapping on a 1" / ¼ mi. will be done by the Hillsboro County Soil Conservation Service at no cost to the town. At the 1976 Town Meeting, the town voted to be placed on a priority list for this service. We were expected to raise about \$5000.00 for this purpose at the 1978 Meeting. Bedford now falls in a special project area and will have the field work done during 1978. An interim report will be available in the spring of 1979. The town will, however, have to pay to have special interpretive maps produced during 1979.

CLARK GOTT, *Chairman*

REPORT OF THE SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

Regional Planning Agencies, such as, the Southern New Hampshire Planning Commission are responsible for basic planning activities throughout New Hampshire. Each agency has a specific area for which it is responsible.

The Southern New Hampshire Planning Commission is responsible for preparing coordinated regional plans of its region for land use, transportation, water supply, sewerage, public buildings and the like. Regional plans to be effective *must provide for future growth* in those areas where such growth can most efficiently occur. The regional planning process *must* include an objective evaluation of differing proposals and *must* include public consideration of unpopular or minority viewpoints.

Regional planning provides up-to-date data needed by local officials to make decisions regarding zoning amendments, street and road improvements, sewer locations, and location of public facilities, to name a few.

Bedford Representatives

Mr. Paul Goldberg and Mr. Eugene VanLoan, Jr. represent Bedford as voting members of the Southern New Hampshire Planning Commission. Mr. Paul Goldberg also serves on the Commission's Personnel Committee and Mr. Eugene VanLoan, Jr. also serves on the Commission's Personnel and Executive Committees and also is Chairman of the Metropolitan Manchester Transportation Planning Policy Committee.

Technical Assistance

The Southern New Hampshire Planning Commission provided these direct services to Bedford last year as part of their Local Technical Assistance Program:

- Provided copies of all transportation reports prepared during 1977.
- Presented expanded list of basic and contract Commission services.
- Provided updated list of State planning legislation changes.

- Technical assistance at Planning Board meetings.
- Revision of zoning ordinance and map.
- Provided information on the Section 8 Housing Assistance Program.
- Set-up and provided technical assistance to Bedford Steering Committee.
- Prepared legal notices relative to proposed zoning changes.

Regional Planning

Regional planning studies conducted by the Southern New Hampshire Planning Commission over the past year include:

Land Use - Completion of Land Use Plan 2000, a long range plan to assist communities in their land use planning efforts. Citizen involvement in Bedford played a major role in shaping the plan's recommendations and policies.

Housing - The Regional Housing Plan was completed.

Transportation - Reports generated include:

- . Land Use Update FY 1977, MMPS Area
- . Population and Land Use Projections 1985 & 2000, MMPS Area
- . Population Estimates FY 1977, MMPS Area
- . MMPS Area Employment Projections 1985 & 2000
- . MMPS Area Employment, Unified Work Program FY 1977
- . School Enrollment Projections in MMPS Area 1985 & 2000
- . Transportation Planning Annual Report 1977
- . Maps and Publications, 1977 Update

The Coming Year

During the coming year, member communities will receive detailed assistance relative to recommended procedures for implementation of the regional land use and housing plans. Local technical assistance will include the development of model ordinances; modernization of subdivision regulations and identification of area where growth should and should not occur.

W. RAY WALKER
Executive Director

BEDFORD SCHOOL DISTRICT
SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Bedford, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the McKelvie School in said District on the 16th day of March, 1978, at 7:30 o'clock in the evening to act upon the following questions:

ARTICLE I. To see if the District will vote to authorize the construction and equipping of an addition to the Memorial School and to appropriate a sum not to exceed \$1,000,000.00 for the aforesaid purposes, said sum to be in addition to any bond investment interest and other local, State or Federal funds made available therefor, and to raise the same by issuance of bonds or Serial Notes in accordance with the provisions of the Municipal Finance Act, Chapter 33 of the Revised Statutes Annotated of New Hampshire, as amended, and to authorize the Bedford School Board to issue and negotiate said bonds or notes in the name of or on the credit of the district said board to have discretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds.

ARTICLE II. To see if the district will vote to raise and appropriate a sum not to exceed \$30,000.00 for the purpose of paying interest contingent upon passage of Article I.

ARTICLE III. To see if the district will vote to authorize the school board to contract with a qualified independent auditing firm or the Department of Revenue Administration for the fiscal year financial audit, in accordance with the laws of the State of New Hampshire (RSA 197:16 revised). Said authorization to remain in effect until such time as the district votes to elect local auditors as provided by State Statutes.

ARTICLE IV. To see if the district will vote to approve the transfer of \$2,500.00 from the Capital Reserve Fund to the General Fund, for the purpose of paying for preliminary Architect and Engineering fees for additional elementary school facilities.

ARTICLE V. To see if the district will vote to approve the over-expenditure of the 1977-78 budget by \$2,500.00 contingent upon the passage of Article IV.

ARTICLE VI. To see if the district will vote to approve a deficit appropriation of \$18,850.00 for the purpose of paying tuition to West High School. Said sum to be made available to the district by June 1, 1978.

ARTICLE VII. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries of the school district and agents and for the payment of statutory obligations of the district.

ARTICLE VIII. To see if the district will vote to authorize the school board to use \$20,000.00, appropriated under Article I at the 1977 Annual School District Meeting, for the purpose of improving outdoor recreation fields on the McKelvie School Site, with the understanding there will be no matching funds from the Federal Land and Water Conservation Fund.

Given under our hands at said Bedford this 23rd day of February, 1978.

BEDFORD SCHOOL DISTRICT

AUDITOR'S OPINION

We have examined and audited the accounts and records of the Bedford School District for the fiscal year ended June 30, 1977.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheets and statements of sources of revenue and expenditures present fairly the financial position of the Bedford School District at June 30, 1977, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a consistent basis.

Respectfully submitted,

PLODZIK and SANDERSON

BEDFORD SCHOOL DISTRICT

LETTER OF TRANSMITTAL

Members of the School Board
Bedford School District
Bedford, New Hampshire 03102

Gentlemen:

We have examined the books and records of the Bedford School District for the fiscal year ended June 30, 1977 and have prepared the attached exhibits in conformity with the recommended format prescribed by the Municipal Services Division of the State of New Hampshire. Included in the examination and audit were the accounts and records of the School Board, School District Treasurer, Lunch Program Director, and McKelvie School Activities Fund.

FINANCIAL INFORMATION

General Fund

Comparative Balance Sheet	Exhibit A-1
Statement of Change in Fund Balance	Exhibit A-2
Statement of Appropriations and Expenditures	Exhibit A-3
Statement of Estimated and Actual Revenue and Budget Summary	Exhibit A-4

A comparative balance sheet disclosing the financial condition of the general fund as of June 30, 1977 and June 30, 1976 is presented in Exhibit A-1. As indicated therein, the School District had a current surplus of \$35,695 at June 30, 1977. An analysis of the change in the financial condition of the School District during the fiscal year is contained in Exhibit A-2.

Statements of appropriations and expenditures, estimated and actual revenue are included in Exhibits A-3 and A-4, respectively. As

indicated by the budget summary, Exhibit A-4, a revenue surplus of \$15,608, plus a net unexpended balance of appropriations of \$20,087, resulted in a budget surplus of \$35,695 in 1976-77.

Capital Projects Fund

Comparative Balance Sheet Exhibit A-5
Statement of Appropriations, Expenditures
and Fund Balance Exhibit A-6

A comparative balance sheet disclosing the financial condition of the Capital Projects Fund as of June 30, 1977 and June 30, 1976 is included in Exhibit A-5. As indicated therein, the fund balance amounted to \$117,185 as of June 30, 1977. A statement of appropriations, expenditures and fund balance is included in Exhibit A-6.

Long-Term Indebtedness

Comparative Balance Sheet Exhibit A-7
Statement of Debt Service Requirements Exhibit A-8

A comparative balance sheet disclosing the total long-term indebtedness of the School District as of June 30, 1977 and June 30, 1976 is contained in Exhibit A-7. The long-term debt of the School District decreased \$160,000 in fiscal 1976-77, from \$1,600,000 at June 30, 1976 to \$1,440,000 at June 30, 1977. A statement showing annual debt service requirements of principal and interest is contained in Exhibit A-8.

Federal Projects Fund

Statement of Revenue, Expenditures
and Fund Balance Exhibit A-9

An analysis of the activity in the various federal programs of the School District is disclosed in Exhibit A-9.

OTHER FUNDS AND OFFICIALS' ACCOUNTS CASH BASIS STATEMENTS

The accompanying supplemental exhibits covering segregated funds and the accounts of those officials entrusted with the custody, receipt or expenditure of School District funds are presented in accordance with the current requirements of the Municipal Services Division of the State of New Hampshire. The statements reflect the cash receipts and disbursements of each fund, without regard to any accruals of accounts receivable and accounts payable. Our examination of the School Lunch and Student Activities Funds was limited to reconciling the cash in the bank with the receipts and disbursements as indicated by the respective treasurer's records.

In our opinion, subject to the limitation of the scope of our examination of the School Lunch and Student Activities Funds mentioned above, these classified schedules of receipts and disbursements present fairly the revenues collected and expenditures paid by the various funds, arising from cash transactions then ended, on a basis consistent with that of the preceding year.

We extend our thanks to the officials and office staff of the Bedford School District for their assistance during the course of the audit.

Very truly yours,

Plodzik and Sanderson

REPORT OF THE BEDFORD SCHOOL BOARD

For the past three years the Bedford School District has been fortunate in receiving Title I funds in the area of Mathematics. Aides have been trained to work on an individual or small group basis with children who have the potential but need further drill in the basic math skills. This program reaches approximately 80 children in grades 4, 5 and 6 and has proven to be highly successful. We look forward to continuing this program into the 1978/79 school year.

Thirty-five projects from schools throughout the state were nominated for special recognition by the New Hampshire Council for Better Schools. Two of Bedford's programs were awarded prizes. One award went to the McKelvie School's eighth grade for "the total team" effort in developing an 8-week interdisciplinary unit build around the topic of consumerism. The purpose of the consumer unit is to allow the students to relate their academic studies to their role as a consumer today and in the future. Mrs. S. Edmunds was also recognized for her foresight in servicing the needs of the gifted children. We take pride in having a dedicated staff of teachers in our district. It is rewarding to see several of these teachers recognized.

The Bedford School Board wishes to express its appreciation to the High School Alternative Study Committee for the time and effort spent studying the question of a cooperative high school with Amherst. One of the committee recommendations was, that, "it would not be in the best interest of Bedford to enter into a cooperative arrangement with Amherst or any other town at this time." The Board so advised the Amherst School Board. Should Bedford have its own high school is a very debatable question. For every proponent there seems to be an opponent. High school tuitioned enrollments have increased at an average of about 20 students per year. Manchester has again offered a 3-year contract for tuition students. The Board believes that Manchester will receive Bedford pupils indefinitely. Until such time as the high school issue establishes a "head of steam," by design or necessity, we do not perceive it as an immediate issue.

The School Board appointed Mr. David Foster to fill the vacancy left by Earl Legacy. Mr. Legacy submitted his resignation because he has moved out of Bedford. We are grateful to him for the many years of service that he gave to the community. He will be greatly missed.

School Districts across the country find themselves faced with the most sweeping Federal mandate in years. The public schools of the U.S. are to start immediately to provide "a free, appropriate public education and related services to all handicapped children." Since each education costs a great deal more than that of non-handicapped children, increased expenditures in this area will be necessary. What the costs will be and who will pay these costs are still issues to be resolved. What we do know is that this law has teeth, that it offers high hopes to those children who for years have been deprived, and that it promises tremendous changes for local school districts. We must be careful that in meeting the needs of the handicapped we do not do so at the expense of the non-handicapped child.

Legislation is not the only challenge Bedford faces in the coming years. Below is a three year projection showing the tremendous impact that the growth in Bedford will have on elementary schools in the near future.

Three Year Projection

Year	-----Grade-----					-----Grade-----				
	1	2	3	4	Total	5	6	7	8	Total
1978-79	195	168	196	156	715	167	162	174	183	686*
1979-80	205	178	188	196	767	167	174	158	185	684
1980-81	215	188	198	188	789	207	174	170	169	720

Superintendent Leavitt's Projection 9/77
 *As of this writing 5-8 has 708 students

As of this September all three schools will again be filled and the question of elementary space a top priority for the district. Coupled with the concern for additional space comes the need for additional staff, materials, programs, transportation, etc. What has to be done in the

immediate future for the children of Bedford must give rise to some apprehension. In order for a School Board to answer the concerns raised by the growth rate in Bedford, we will need the cooperation of the community as well as the cooperation of town and school departments. Last year the Bedford School Board enjoyed a most cooperative working relationship with the Bedford Budget Committee. We have received valuable assistance from the Planning Board in our search for land. We have joined in long-range planning with the newly organized Steering Committee. We gratefully acknowledge their cooperation and look forward to working with them in the future. With their help we are confident that we can effectively face the challenges that face both the children and the community of Bedford.

N. SUZANNE TYRIE,
Chairman

1978 – 1979

REPORT OF THE SUPERINTENDENT OF SCHOOLS

to the

SCHOOL BOARD AND CITIZENS OF BEDFORD

Following three consecutive years of declining elementary school enrollments we have experienced our second consecutive year of growth.

	1—4	5—8	Total
Sept. 1973	596	668	1264
Sept. 1974	588	668	1256
Sept. 1975	560	663	1223
Sept. 1976	602	671	1273
Sept. 1977	673	689	1362
Estimated Sept. 1978	715	686	1401

Our estimated enrollment and program needs for 1978-79, will require the utilization of all existing elementary school facilities.

The school board appointed an Ad Hoc Committee in September, 1976, for the purpose of exploring high school alternatives. The committee tendered a written report in April, 1977. The major thrust of the report stated:

- “ 1. That it would not be in the best interest of Bedford to enter into a cooperative arrangement with Amherst or any other town.
2. That it is highly desirable for Bedford to build its own high school. However, we question whether the additional cost per the attachments would be acceptable to the town voters.
3. We recommend that a proposal to fund and to proceed with a feasibility study be put before the voters. The school board should preface this action with an energetic presentation of the pertinent facts as we know them.”

The materials for the newly revised Language Arts program were implemented throughout grades one through eight in the fall of 1977.

Grade level student objectives in each area of Language Arts have been developed and appropriate materials selected to enable students to reach these goals. During the spring and summer of 1977, a committee of staff, led by Curt Lombard, Math Curriculum Coordinator, developed a similar curriculum in Mathematics stressing performance objectives at each grade level. A new math text series was approved by the Bedford School Board and partially implemented in the current school year.

The inter-disciplinary unit in Consumer Education, developed by eighth grade teachers was singled out for an award by the N. H. Council for Better Schools in the fall of 1977. The inter-disciplinary environmental "Mt. Cardigan" unit continues to be successful and popular with both students and staff. The staff have developed a specific "Lab Manual" for this unit which the student retains as a future reference for environmental study.

Achievement test results continue to be very good at all levels and each year show improvement in several aspects, particularly Spelling, Mathematics Computation, Reading and Language Mechanics.

Increased staff in the Music area have enabled us to expand our Music offerings to students, particularly in the instrumental and performing group areas.

A curriculum committee composed of School Board Members and Staff meet monthly to address areas of curriculum concerns and programs.

During the Spring of 1977, the board met with principal and selected staff members of West High School to discuss topics of mutual interest. For a second year in a row these discussions were most interesting and informative.

The Bedford School District has complied with the Department of Health, Education and Welfare with assurance of compliance with section 504 of the Rehabilitation Act of 1973, as amended. This eliminates discrimination on the basis of handicaps.

The school district has been working diligently to meet the requirements of PL 94:142. By September, 1978, all school districts must provide an appropriate education for all children, at no expense to parents. Needless to say, this has and will continue to apply physical and economic constraints upon the resources of our district.

Respectfully submitted,

CLAUDE H. LEAVITT,
Superintendent of Schools

REPORT OF THE PRINCIPAL OF THE MEMORIAL AND PETER WOODBURY SCHOOLS

December 1977

The following constitutes my annual report as Principal of the Memorial and Peter Woodbury Schools:

The student enrollment in the Primary Unit continues to increase. We registered 75 new students in grades 1-4 between January 3, 1977, and January 3, 1978. Every indication is that this rate of growth will continue. We added three classroom teachers this year, and I am recommending, through the budgetary process, three additional teachers for the 1978-79 Academic Year to maintain status quo in terms of the pupil-teacher ratio.

An important point to realize is that, with the addition of three more teachers, we will have occupied all the teaching stations in the Primary Unit. The luxury of space, which the construction of the Peter Woodbury School once provided, will have vanished. We will once again be faced with the need for additional classrooms through some type of construction program. All members of the community must realize that classroom space is a critical factor.

The curriculum study completed this past summer resulted in the revision of the mathematics skills continuum and the adoption of the MacMillan Mathematics Series. The new curriculum has been totally implemented in the Primary Unit. Plans are presently being formulated for the study of the Science Curriculum this summer.

A focus of the Primary Unit this fall has been the implementation of the District's newly-adopted philosophy of discipline. The emphasis of the philosophy is the basis of the student-teacher relationship that has existed in the Primary Unit for the past several years. Teachers were surveyed as to their needs in order to carry out its implementation. Various suggestions were offered to improve the disciplinary process, several of which have been initiated. A staff workshop is planned for this winter stressing various child management techniques

compatible with the philosophy.

For the past three years the Federal Government, through the Title I Funds, has supported a math aide program in grades 4, 5, and 6. The intent of such funding is to provide initial support so that new programs can get started. Funding terminates after three years and local school districts are encouraged to provide the financial support to continue the well-established program. The use of classroom aides to assist and support children in the process of learning mathematics has proven very effective. Administration is asking that the District provide funds, through the budgetary process, to support this program for the 1978-79 School Year.

A Resource Room has been established in each of the Primary Unit buildings to help meet the needs of students with significant learning problems. The students having been referred are diagnosed to determine their particular problem areas. A specific program is then developed to meet their needs. Depending on the particular situation, it may require a total program in the area of language arts and math for the students with such problems, to supportive programs in particular skill areas. The carrying out of the program would evolve through the Resource Room.

The following are the Primary Unit's Administrative Goals for the 1977-78 School Year:

1. Develop and implement a process for the implementation of the School District's Philosophy of Discipline.
2. Define specifically for staff, parents and students the grading system used in the Primary Unit and establish consistency in its use.
3. Revise and update the list of field trips appropriate for the Primary Unit students.
4. Establish and implement a specific process to improve communication between resource personnel and classroom teachers.
5. Offer to the fourth grade students a program to improve study skills.
6. Develop a process to deal with child neglect and abuse cases.
7. Continue with the implementation of the new evaluation process.

8. Initiate the process for the evaluation of the Primary Unit.
9. Review and revise the placement process of first year students entering the Primary Unit.
10. Continue to work for improved school and community relations.
11. Plan for and monitor the revision of the Primary Unit Readiness curriculum and program guide.

I would like to extend a special note of appreciation to the supportive personnel of the Primary Unit for their efforts in overall functioning of the two schools. This group of people includes the secretaries, aides, as well as cafeteria and maintenance personnel. Quite often there is a tendency to overlook their contributions. The work which they carry out in an efficient and capable manner is of major importance in the day to day smooth operation of the Primary Unit.

I wish to thank all who have helped carry on the educational process in the Primary Unit.

Respectfully submitted,

ARNOLD M. MACDONALD
Primary Unit Principal

REPORT OF THE PRINCIPAL OF McKELVIE MIDDLE SCHOOL

Robert P. Little
Principal

Robert G. Cook
Assistant Principal

January 11, 1978

Mr. Claude Leavitt
Superintendent of Schools
Merrimack, New Hampshire

Dear Mr. Leavitt,

The following constitutes my twelfth annual report, the eighth as principal of the Middle School.

There have been a few changes since last year's report. With the addition of a seventh grade teacher it was necessary to establish our first three teacher pod. Mr. Raymond Raudonis, the new Director of Pupil Personnel Services, helped to recruit just the kind of teacher with the appropriate subject matter background to complement our two returning teachers. All is working well.

The addition of a teacher at the eighth grade level made it necessary to establish a five teacher pod at that level. The eighth grade staff and students have adjusted very well to the change.

The aforementioned classroom additions made it necessary to reorganize the building. The fifth grade is now located downstairs where the seventh grade was previously located. In the process seventh grade students ended up without lockers, therefore, there is a request in this year's budget. It also required that the teachers' room be moved to the former band room. During the lunch hour, it is necessary for the teachers to use the stage in the cafetorium as an extension of the teachers' room. The Learning Disabilities and Reading Specialists also had to be moved. The two music teachers must share one room. Thus it is necessary for one of the music teachers to use a classroom when both are teaching. There have been other changes but the point I am trying to make is that the McKelvie School has almost reached capacity in terms of available teaching stations.

Our District Wide Testing Program has now been in effect for three years. We now have developed local norms that are being used by our Guidance Department and other staff to review current curriculum practices and to help plan for curriculum revision. The test results for the McKelvie students are well above national norms in almost all areas.

Two of our programs were recognized by the New Hampshire Council for Better Schools. Sylvia Edmunds won a commendation award for her project entitled "Shakespeare and the Ten Year Old". Her students presented portions of some of Shakespeare's most famous works for their parents and their fellow students. Peter McGee and Ronald Gondek, and the other eighth grade teachers won a second place award for their nine week "Consumer Education Unit". The program was well received at the Northeast Regional Social Studies Convention in Boston last Spring. It is an interdisciplinary unit that enables students to learn basic survival skills in our economic society. It is a practical course in that students learn how to write a check, seek career information, buy real estate, etc.

The Title I Math program designed to help students with basic math skills in grades 4-6 will come to an end this year. The results of the program in terms of helping students who have had a poor attitude or limited achievement in math have been most encouraging. The necessary ingredient in the program has been the use of paid aides to help the teachers in the usual classroom setting. There is a request for funds to support this program in this year's budget. We are hoping that it meets with voter and budget committee approval.

In anticipation that we will be serving more handicapped students we have been organizing our specialists into a smooth function team. The Building Evaluation Team meets weekly to discuss students with special needs and to design individualized programs of instruction.

I would like to thank the staff for the excellent job that they have done. I would also like to commend the students for their excellent behavior and cooperative attitude in and out of the classroom. The Parent Teacher-Group continues to be very helpful and supportive of the school. The Liberty Bell and volunteer aides are especially helpful to us.

Respectfully submitted,

ROBERT P. LITTLE
